Hi, We needed to get our conclusions on the cumulative DWA ready for the briefing on Friday with Alex, so here is what we have so far. This is just to keep you in the loop when you get back from leave.

Karen and I are reviewing the DWA and will be cleaning it up since it still had Steve's edits. We wanted to have a pretty good version that we could share if we had to.

Thank you Nelson, this looks much better. I've accepted your changes. I would like to give Jan a chance to look this over first before we send to HED.

Amy et al,

I took a shot at editing/revising the write-up, **Ex. 5 Deliberative Process (DP)** Let me know if that's easier to follow or where we need to further revise.

Phil V sent me an email yesterday afternoon saying he'd be willing to discuss how this would fit into the dietary discussion he's putting together for HED, but I wanted you all to take a look at this first. If you're comfortable with it, we can share that with Phil to see how well he follows it/how it might fit into their write-up.

Hi,

Attached is the first draft of the write-up for the NMC cumulative comparison to the proposed action. I've based this off

Ex. 5 Deliberative Process (DP)

Thanks again for all your help.
